

# 40 YEARS OF RESEARCH & DISCOVERY

176 pages, Hardcover  
244 mm x 195 mm

The Southeast Asian Ceramic Society of Singapore is to be congratulated not only for this splendid survey book which reviews the state of Southeast Asian ceramic studies, but much more for what the Society itself represents, forty years of pioneering initiatives in this field.

~ John Guy, The Metropolitan Museum of Art, New York

Singapore's Southeast Asian Ceramic Society has pioneered in shaping exhibitions and catalogues designed to convey the newest perspectives on ceramics in Southeast Asia. Now it takes the lead again, to sum up the developments of the last four decades—and suggest where research should head next.

~ Louise Cort, Ceramic Historian

## Highlights

- Essays on 40 years of research and discovery, never published before, by four ceramics experts (including a story about Roxanna M Brown, an American art historian and her contributions)
- Contains images of shipwreck explorations and land-based excavations
- Separate catalogue section features over 250 artefacts
